

## Quran Pages

These Quran Pages were produced as a teaching aid for a Quran Hifz class. New Surahs are continually being produced and corrections made to existing Surahs. For the latest version of these pages please send an Email to [QuranPages@zikrun.badri.name](mailto:QuranPages@zikrun.badri.name) where you can also request to be subscribed to the latest updates.

Although these files can be read electronically they were specifically designed to be printed on A3 paper and laminated so that they can be continually reused. It also allows the use of whiteboard markers to temporarily highlight areas of pages that a student might need to focus on. The size of and amount of script on each page has been designed to allow the student to easily read the Quranic script and provide a workable amount to memorise, one page at a time. If you wish to produce the pages in the same way please take note of the following recommended production guidelines:

- Use a colour laser printer and 200gsm paper
- Print each page on its own A3 sheet of paper with the reverse side printed with the Tajweed colour code (*000.Tajweed Colour Code.v\_\_\_\_.pdf*)
- Laminate each page with 125micron laminate

These pages were manually produced and coloured. Although the production process has several checks, errors may still be found in these pages. If you believe you have found an error please let me know via Email. If confirmed, a new version of the Surah with the corrections will be released and all subscribers notified.
